

MENÙ

... Fortunato (Lucky) is a little orange bird born out of the imagination of our son Samuele when he was 9 and it became the main character of his drawings and, after, it was published on the Facebook page called: "Il Mondo di Fortunato" (Fortunato's World).

After that, due to the appreciation and fondness for this small bird and for its stories, we took the decision to choose it as testimonial of this location, where sport, love for nature, relaxation and friendship come together.

Thanks for coming to visit us!
